

ALPHA™ 8

Patent Pending

TECHNICAL DATA SHEET

Description

ALPHA™ 8 Multi-Press Wash is a Patent Pending, multiple application, ultra-low VOC blanket and roller wash for today's wash-up problems. ALPHA™ 8 works on a vast range of equipment and performs like a 100% VOC wash with powerful cleaning action and zero residual content. It requires no premixing or diluting and is designed for manual applications as well as cloth and brush Auto-Wash Systems*. In addition to its versatility, ALPHA™ 8 contains no Hazardous Air Pollutants and meets or exceeds a number of health and safety requirements.

* ALPHA™ 8 is not recommended for use on equipment with catalytic converters.

Application Information

Safety First - Review Material Safety Data Sheet (MSDS) and secure proper Personal Safety and Protective Gear.

Hand Wash/Manual Application:

Cleaning Blankets

Apply ALPHA™ 8 to your favorite shop cloth and wipe blanket clean. (The amount of ALPHA™ 8 and cleaning effort needed varies with how dirty your blankets are.) A quick follow-up with a water-dampened cloth is recommended. Blankets are now clean and ready to run. Again, ALPHA™ 8 does not require diluting and doing so is not advisable.

Cleaning Rollers

Apply ALPHA™ 8 just like you would a conventional roller wash. Once the rollers are clean and free of ink, flush any remaining contaminants with fresh water. Rollers are now ready to run.

Automatic Wash Systems:

Cleaning Blankets and Rollers

Simply follow the same procedures as when using traditional auto-wash products. For first time installations, we recommend consulting with an Explorer Pressroom Solutions representative prior to use.

Typical Properties of ALPHA™ 8

VOC = 0.80 lb./gal. (96 grams/liter)

Dry Time = Medium/Slow

Color = White

Flashpoint = 116°F

Odor = Mild Pine Scent

Reportable Ingredients = None/Zero

Advantages and Benefits

- VOC compliant (Below the SCAQMD's 100 grams/liter Regulation)
- NO Hazardous Air Pollutants or ingredients listed by IARC, NTP, OSHA, Prop. 65 or SARA 313
- Not RED LABEL (High Flash Point)
- COMPLETELY STABLE FORMULA
- NO lingering oily residuals or contaminants
- Excellent cleaning power – Equal to, *if not better than*, conventional washes
- Easy to use for Manual and Auto Applications
- Formulated for both blankets and rollers
- Cost Effective

Packaging

ALPHA™ 8 is available in quantities of 1 gallon, 5 gallons and 55 gallons.
